Owner's Comments: Harvard is a proven sire of excellence with a legacy that is quickly establishing itself in Europe and North America through progeny that are winning in sport, elegant in type and kind in temperament. Harvard has already sired three licensed sons, numerous States Premium mares, Elite auction foals, a Bundeschampion, successful advanced dressage competitors in Europe, a finalist at the World Championships for Young Dressage Horses, he is damsire to the 2008 Champion Filly of Germany, licensed stallions and multiple Rastede finalists, sire to Top AHS foals in 2011 and 2012, a USDF Materiale Horse of the Year, Dressage at Devon winners, successful hunters and some of the highest-scoring mares in North America. A strong transmitter of type, Harvard offspring are stamped with his dark coat, refined elegance and convey his kind, sensible disposition. One of his greatest hallmarks is the wonderful temperament that he imparts to his offspring. In North America, Harvard is the only licensed son of the celebrated Elite Hengst Hohenstein I, a stunning sire with an impressive dressage index of 148.29. Harvard's damline is equally exciting; Hauptstutbuch Carina also produced the licensed Hanoverian stallion Davis Cup, the Bundeschampion Dacapo, sport horse Top Gun and two State Premium daughters. Carina is sired by the famed refining Thoroughbred stallion Cardinal xx, producer of outstanding dressage horses. In Germany, Harvard scored a perfect 10 for temperament and 9's for character, willingness and ability to work, constitution and rideability at his performance testing in 1999. He was Vice-Champion of the 2000 Oldenburg Main Premium, a Bundeschampionate finalist at ages four and five, Advanced Dressage Champion of Ontario, Grand Champion Stallion at the RAWF and long-listed for the Canadian Dressage Team. His semen is of excellent quality with an impressive conception rate. If elegance, temperament, quality movement, classical conformation and proven offspring rank high on your list, Harvard is your stallion.

Owner's Comments: Reserve Champion of the 2012 North American 70-Day Stallion Testing with a score of 122.31 (actual winner in points, 127.6 before 5% age deduction), Bliss MF was definitely the most well-rounded stallion, finishing second (by .81) in jumping with a score of 124.23 (winning score was 125.04) and third in Dressage (by .31) with a score of 119.77 (second place was 120.08, first was 135.93 both with no age deduction). Equally as important were Bliss MF's interior scores: 9 for character, 9 for temperament, 9.5 for willingness to work, 9 for constitution. His movement scores were 8.5 for trot, 9 for gallop and, of course the score we are most proud of, a perfect 10 for jump. Born and raised at Marabet Farm, Bliss MF has been the ideal stallion from the day he was born. His athletic ability was apparent very early on but what we liked the most was his level headed intelligence. His dam Ornella is the epitome of a calm, placid horse, with such beauty and strength of character. Her sire, Argentinus, is well known for giving his offspring great brains. He is also one of only two stallions in the world who have consistently produced International level competition horses in both dressage and jumping. On Ornella's dam side you have the wonderful dressage stallion Pik Trumpf. Bliss MF's sire, Balou du Rouet, is proving to be an outstanding, prepotent stallion with offspring selling at record prices. His sire, Baloubet du Rouet, is one of the winningest horses in history with three (almost four) World Cup victories and an individual Olympic Gold medal. The bloodlines of Bliss MF are about as good as it gets and his own offspring are already showing us that he is passing that along. This year again, (for the third year in a row) all of his foals are Premium with multiple site Champions. Bliss MF was the sire of five of the top 10 foals in the BWP Foal Futurity. His colts were 1, 2 & 3! Bliss MF has been producing beautiful foals who are turning into horses with incredible scope and movement. He can produce horses for all disciplines, as he produces the power to do the jumpers, the quiet brain, perfect hunter movement and jumping form for the hunters and because of his strong hind end movement excellent dressage horses. Combining all this, he is proving to be producing eventing horses too! This is a stallion who has it all and will pass it on to your foals.

As a breeding stallion in 2012, Contendro I was ranked 13th for Show Jumping and 10th for eventing by the World Breeding Federation For Sport Horses (WBFSH/FEI). Owner's Comments: Direct from Celle, Dannebrog is an exciting new stallion for the North American market. Sired by the legendary dressage stallion, Don Schufro (Donnerhall x Pik Bube I) and out of the outstanding dam St.Pr. Byzantina (Brentano II x Arognó), this dark liver chestnut stallion offers highly proven and successful bloodlines. Dannebrog completed his 300-Day Stallion Performance Test at Adelheidsdorf in 2010 with fantastic scores, finishing 3rd overall in dressage with an impressive index of 135.74. His individual scores highlight his fantastic mind and overall high quality; walk 9, trot 9, character 9, rideability 9, canter 8, temperament 8, willingness to work 8 and constitution 8. His test rider marks were equally exciting; walk 8.33, trot 9, canter 8.33, rideability 8.5 and jumping course canter 8. This rigorous 300-Day testing highlighted his extraordinary character, his fantastic rideability and his three supple and elastic gaits. His foals bear his trademark friendly disposition and possess his high-quality movement. Dannebrog has produced two licensed sons, the ZFDP Premium Hengst *Donaldson* (Dannebrog x Worldly) and the Hanoverian licensed son *Diamant* (Dannebrog x Fabriano) along with multiple States Premium daughters. Dannebrog's sire Don Schufro sits at the very pinnacle of breeding and sport. He was Champion of his stallion performance test with a 154.93 dressage index, won an Olympic Bronze team medal in 2008 at Beijing, sits in 9th position in the Rolex WBFSH Top 10 Dressage Sire Rankings and his young daughter Weihegold placed 4th individually at the 2016 Olympics in Rio. Dannebrog's dam St.Pr. Byzantina hails from an impressive line of States Premium Mares from the renowned Kassette damline; producers of Gribaldi (sire of Totilas), Karon (sire of Caprimond) and many more. In 2016 Dannebrog's full sister Diva Dannebrog produced the Westphalian Stallion Licensing Reserve Champion, Premium Hengst Zoom by Zack. Pangaea Farms proudly stands this new stallion.

OWNER OF RECORD:

Marefield Meadows

Owner's Comments: Dauphin is a typey son of the legendary Donnerhall from an outstanding damline developed at Groenwohldhof where his sire stood for breeding. Marefield Meadows, his breeder, was fortunate when Dauphin was invited to join 49 other colts in the 11-Month Stallion Performance Test at Adelheidsdorf. He was the only privately-owned stallion of the group. The German breeders who followed his progression were favorably impressed with Dauphin's swinging back and happy attitude, saying, "For him it's like play; the riding is a game to him." He was also praised for his kind nature and good manners. Dauphin finished the test in fourth place and was invited to remain at Celle on breeding lease. Dauphin has been an outstanding producer of character, rideability, willingness, correctness and movement. He passes his exemplary conformation, type, and wonderful disposition onto his offspring. He tends to be a refiner and produces rideable dressage horses in the 16-16.2hh range. He has produced 489 German Hanoverian offspring as of the 2015 publishing of the *Hanoveranner Hengst Book*. Of the 102 mares that are in breeding, 28 of them were awarded the coveted States Premium Title. His two approved Hanoverian sons, *Dallmeyer* and *Don Presidente* are continuing to carry on this line. Dauphin is on the Top List of the Hanoverian breed for type with an outstanding score of 132, and a 143 for his limbs! He is black but can produce chestnuts. Dauphin is also approved with CHS, GOV, CWHBA, and CSHA. Foals from KWPN-NA mares will be eligible for registry "A" papers.

Owner's Comments: With royalty on every line of his pedigree, Diamondhead promised to be special and he's fulfilling all expectations and more! He was USDF Horse of the Year in 2008 and now again in 2016, winning Championships and high score awards through PSG with scores into the 80s. Diamondhead has three incredible gaits with superb power and balance, a perfect product of an amazing pedigree. Sire Diamond Hit is a living legend that has contributed numerous licensed sons, Bundeschampionat and World Championship winners, as well as many upper level competition horses. Dam SPS Heidefee now has two approved sons, while damsire Hohenstein brings type, expression, and high rideability. Diamondhead's charming character and willingness to work make him a favorite in the barn and he attracts plenty of attention in the competition ring. Diamondhead is now schooling all the Grand Prix movements and has shown aptitude over fences. His first foal, out of a Winterprinz mare, won the Current Year through Two-Year-Old Championships with scores into the 80s and his half-Arabian son just won USDF Horse of the year. Offspring are winning in dressage and hunter rings. Diamondhead is also approved with GOV.

Harvard's damline is equally exciting; Hauptstutbuch Carina also produced the licensed Hanoverian stallion Davis Cup, the Bundeschampion Dacapo, sport horse Top Gun and two State Premium daughters. Carina is sired by the famed refining Thoroughbred stallion Cardinal xx, producer of outstanding dressage horses. In Germany, Harvard scored a perfect 10 for temperament and 9s for character, willingness and ability to work, constitution and rideability at his performance testing in 1999. He was Vice-Champion of the 2000 Oldenburg Main Premium, a Bundeschampionat finalist at ages four and five, Advanced Dressage Champion of Ontario, Grand Champion Stallion at the RAWF and long-listed for the Canadian Dressage Team. His semen is of excellent quality with an impressive conception rate. If elegance, temperament, quality movement, classical conformation and proven offspring rank high on your list, Harvard is your stallion.

He produced the highest-priced jumper ever sold at the Hanoverian Elite auction, as well as a licensed son, a 2003 and 2004 Bundeschampionat qualifier and 11 auction selections out of 45 registered offspring. In 2005, one Landkönig gelding sold at the prestigious PSI Auction for more than \$437,000. Landadel, Champion of his 100-Day Test, is one of the leading German sires and the most successful stallion of his age group. Landkönig's damline produced eight licensed stallions. His dam, Luna, who was written about in the Eylers millennium stallion book, also produced Devon Champion Grönlad; Gratulata, a World Cup qualifier with Michael Matz; Gina, Champion of Luxembourg, and 1991 Bundeschampionat participants and Grand Prix jumpers Genua and Gentleman. Landkönig scored a 9.5 for stadium jumping at his 100-Day Test with a test index almost equally high in jumping and in rideability. He also scored 8s for character, temperament and willingness to work. German Chef d'Equipe Herbert Meyer bred several mares to Landkönig. He has had several top inspection foals, and in 2007, *La Bamba* became Elite Eligible and was an inspection Champion. *Lord Tryon MF* won the NCDCTA Breed Show Bari von Buedingen award. In 2005, Landkönig entered the *Topliste Hannoveraner Hengste* with a jumping breed value of 132, highest of any Hanoverian standing in North America. Four-year-old *Landfall* placed third in the 2007 IJF, and 9-year-old *Lipton* placed in the 2007 CSI Beervelde Grand Prix. *Lantinus*, winner of many Grand Prix, is the number two Hanoverian jumper after *Shutterfly* for the third year, and he also made the cover of *Der Hannoveraner* for the third time after winning Aachen 2009. In 2008, the FEI ranked 10-year-old *Lantinus* as the number one jumper in the world for several months. *Landalyn* became EMC with 9/8 for jumping, as did *EMC Luanja* and *EMC Llangollyn*. Owner's Comments: The 16.3h Hanoverian, Relevantus, who goes by the show name "Zorro," has an extensive international record that includes the 2008 Beijing Olympics, the 2010 World Equestrian Games in Kentucky and a Mexican National Championship with Federico Fernandez. He has also garnered multiple Grand Prix wins with Federico and Peter Wylde. His pedigree is full of high performance jumpers from his Holsteiner sire Rabino to his Hanoverian damline combining the highest indexed jumping lines from Grand Prix producers Rabino, Ramiro, Calypso, Ladykiller xx, the Hanoverian F line, Inschallah x, Espri and Lugano I. Relevantus is a leggy almost black bay with a generous kind disposition and according to Peter Wylde the most rideable Grand Prix horse he ever competed. You can see in his jumper videos that he goes around very quietly and does the 1.60 meter Grand Prix almost hunter-like. Prior to his international Grand Prix career Relevantus was licensed and finished his 30- and 70-Day Performance Test with great results. At his 30 -Day Test he earned 8.15 overall and at his 70-Day Test he scored 109.2 for dressage, 119.96 for jumping and 113.44 overall which shows his versatility and rideability. His competition highlights include: winner Commonwealth Park GP, Culpepper, Virginia, July, 2014; Fourth place in the Grand Prix of Palm Beach, Florida, February, 2014; 12th place 2010 World Equestrian Games, Lexington Kentucky; 2008 Mexican National Show Jumping Champion and competed in the 2008 Olympic Games, Beijing, China.

He has earned several National and Regional Championships and Reserve Championships, including being undefeated Stallion Champion in the New England Series for five years in a row. He has earned many scores in the 80s in hand with comments from judges on his elasticity, correct conformation, beautiful head and good disposition. In 2015 Rocazino earned the USDF Dressage Sport Horse Breeding Horse of the Year for Stallions Four Years and Older with a median of 83.550%. In dressage, the majority of his scores are in the 70s, with scores into the 80s. Rocazino has won one Championship and one Reserve Championship at the U.S. Dressage Finals, three Regional Championships, four Reserve Regional Championships and numerous All Breed Awards. Rocazino's sire Rosentanz passed his 30-Day Test with a rideability score of 9.25. He is an extremely extravagant, highly modern sports stallion with outstanding movement mechanics, and well over-average jumping ability. Rocazino has inherited his exquisite head and neck, as well as his movement. Rocazino's damsire, Silvio I, has sired several licensed stallions, numerous States Premium Mares, and his progeny have made their mark on the international jumping scene. Rocazino enjoys jumping and has good technique and scope. Silvio I is by Sandro who goes back to Sacramento Song xx, both influential sires. Though Rocazino's foal crop is limited, they are showing his beautiful head and neck, very good walk, elastic powerful movement and desire to work. Rocazino tends to add height and bone to his progeny. *Rocabye EQD* is a 2014 stud colt that at his first two competitions won every class entered, taking two Grand Championships in very competitive classes. *Rocabye EQD* also earned the New England Series Colts and Geldings Championship at NEDA Fall Festival, and he is the 2016 Reserve Champion for USDF DSHB Two-Year-Old Colts and Geldings Reserve Champion!

His sire, Rohdiamant, was a highly successful Grand Prix dressage competitor who was short-listed for the U.S. Olympic Team with Lisa Wilcox. Grand sire Rubinstein I also competed at the Grand Prix Level and has had a significant influence on sport horse breeding around the world. Royal Prince's dam, Piri Piri, is by the influential Thoroughbred stallion Prince Thatch xx. Royal Prince's offspring show their sire's elegance, refinement, rideability, and movement. He has a number of Elite/Premium daughters and two licensed sons to his credit. From 2008 through 2012, Royal Prince was named the USEF Dressage Breeding Sire of the Year. Owner's Comments: Rubignon combines four generations of Grand Prix and international performance from Rubinstein/Donnerhall/Pik Solo with fantastic character, temperament and type. Rubignon's dam, Una Donna, is from the Utoba stamm with Samun xx and Volkorn xx on the bottom. This stamm produced the licensed stallions Azzarro, Landtinus, the international jumper, Figaro's Boy, successful with Ludger Beerbaum. Una Donna herself produced Ragoon, Una Placida, a successful jumper and Rubignon. Rubignon was listed for the Swedish dressage team in 2008 and 2009 and has 17 Grand Prix wins and placings including international wins to his name. He is approved with multiple registries and tested in Sweden with 9s for jumping. "His temperament is superb, true to his sire, his movement even better than Rubinstein," said German Oldenburg Judge Evelin Vollsted during Rubignon's licensing. Rubignon was the most popular breeding stallion for SWANA in 2002 and 2003. He bred in Germany and Sweden where he also had a successful Grand Prix career. Rubignon produced many Premium foals and inspection Champions for various registries, successful dressage horses and several licensed sons, including the Swedish stallion *Channon*, successful at the Young Horse Championships, and Canadian Warmblood stallion *Ratu*. *Replay* was selected for the Swedish team in 2012 and made his debut as the highest scoring Swedish combination at the Baltic Championships. Premium colt *Royal Flush* (Rubignon/Cheenook) was written up in the *Oldenburg Horse* magazine as the most generous mover on the tour. *Roxette* (Rubignon/Warkant) was Champion Non-Hanoverian Mare at her AHS inspection. Rubignon's first foal crop since his U.S. return included site Champions and Premiums for various registries, including *Ruby Novella R* and *Rubix*. *Rendezvous ESH* was the 2015 nationwide AHS Yearling Futurity Champion.

Owner's Comments: Salito is by the Hanoverian stallion Stakkato (by Spartan). Stakkato produced 68 approved sons in Germany. Stakkato competed at 1.60 with Eva Bitter and has produced several 1.60 jumping horses, like Ukato with Willem Greve, Hunter's Scendix with Eric Lamaze, Spartacus TN with Henk van de Pol and Filou de Muze with Philippe Le Jeune. Salito's dam is by Calido I. His great granddam Wilma (by Moltke I) produced the 1.45m horse Carlsberg (by Capitol) ridden by Dirk Baudach. From this damline the following international jumping horses were produced: Athena (by Ahorn Z) 1.45m with Tom Camerlynck; Escape (by Chin Chin) 1.55m with Perry Geryl; Udam (by Guidam) 1.60m with Jill Blunt; and Greece (by Carolus II) 1.40m with Rafael Amaral Rodrigues. Until 2008, this magnificent son of Stakkato stood at the Landgestüt State Stud in Celle, Germany. Salito is the only son of Stakkato standing at stud in North America. Salito was approved in 2004. At Salito's performance test at Adelheidsdorf in 2004 he was awarded first place in the jumping category out of 42 stallions in his year. Points given were 8 for character, 8 for willingness, 8 for conformation, 7 and 7.67 for rideability, 6 for trot, 7 and 6 for canter, 6 for walk, 9.17 for free jumping, 9.33 for jumping manner, 9 for jumping technique and 9 for cross country. Salito was the 2006 Hanoverian Jumping Champion in Dobrock and continued to impress with admirable results in both the 2006 and 2007 Bundeschampionat. This Hanoverian Jumping Champion of 2006 and winner of countless show jumping competitions in Germany stood at the Landgestüt State Stud in Celle. Salito competed to 1.45m with Kevin Martsch. German breeders were impressed by his offspring as winners of free jumping championships and Mare Performance Tests. So far his youngsters display his kind disposition and incredibly balanced movement. Salito is currently standing at Wild Turkey Farm. He is also approved Oldenburg.

Owner's Comments: Schwarzenegger (Sion/Calypso II/Graphit/Gotthard) is a top-class breeding stallion with a flawless character. Born in Verden, Germany, in 1997, from the Windeler breeding program, he is dark brown in color with four white socks and a small star. With a height of 17 hands (1.72 m), Schwarzenegger carries himself with a dignified presence. In his Stallion Performance Test in Redefin, he scored an impressive 125.24 points overall. This score placed him third out of 22 stallions. His temperament and character impressed the judges with a score of 9 and 10 respectively. Schwarzenegger's integrated breeding value estimation is 122 points for dressage and 114 points for jumping. In his offspring, Schwarzenegger tends to improve jumping manner and scope with a 128, as well as improving the canter with a 120. Schwarzenegger also throws his wonderful mind and kind expression, making very rideable offspring. His offspring are competing in both advanced dressage and jumping classes. They are known for their super basic gaits, fantastic trainability/rideability, and the tendency to show talent for both dressage and jumping. Schwarzenegger's damline is phenomenal with 10 approved Hanoverian stallions. He is out of the outstanding mare, SPS Caprice, with generations of States Premium mares tracing back to Hanover's flagship dynasty of Silbersage. This mareline has won several elite-winning family shows in Germany such as the Tarmedt Show, and even the Louis-Wiegel Show. As a foal, Schwarzenegger was the Vice-Champion at the Lower Saxony Foal Championships. He has brilliant, basic gaits and an outstanding rideability. Schwarzenegger has placed at Advanced Level dressage competitions and, in 2007, was victorious at various Advanced Level dressage tests. He has competed at Intermediate I and has trained up to Grand Prix. Schwarzenegger has been on the top list of jumper producers for the Hanoverian Verband for the last four years. Schwarzenegger would be a great cross for both dressage and jumper breeding programs! We look forward to hearing from you!

Owner's Comments: Toronto is a Dutch stallion acquired by the Celle State Stud to further the jumping talent of the breeding program. This powerful bay stallion descends from the jumping horse producer and successful competitor Now or Never M who is stationed in Holland. Toronto's scope and athleticism can certainly be attributed to his sire. Now or Never M has many approved sons and is well on his way to establishing his own line in Hanoverian breeding and currently has a very high breeding value of 152 points for jumping on the German FN's ranking system, showing to consistently improve the canter. Toronto's grandsire Voltaire, himself a highly successful international show jumper, is a consistent sire of top ranked jumpers with temperaments of gold. Voltaire is descended from the legendary Furioso II renowned in Germany for producing versatile offspring. Toronto's damsire is Belisar, by Saros xx, a full brother to Swazi xx, the sire of the Trakehner stallion Consul. Saros xx comes from a strong line of successful steeplechasers, race winners, and sport horses. The infusion of Thoroughbred blood is essential in warmblood breeding and this particular line has had an excellent influence which can also be seen through the Trakehner stallion Consul. The Now or Never M nick with Belisar/Saros xx daughters has proven to be an undeniably successful cross, producing the approved stallions Valentino, Winston Uccello, Alchemist and Vallado, in addition to Toronto. At his performance test, Toronto won the jumping phase of the test with an outstanding overall 9.3 which could be expected because of his outstanding pedigree. He scored an impressive perfect 10 on cross country, 9s for natural jumping ability and jumping manner, 8.83 free jumping and 8.67 for jumping technique. He gained the following scores; character 8, temperament 8, willingness to perform 8, conformation 8, trot 6.33, canter 8 and walk 7.67 Among his offspring produced to date, he has one licensed son, five State Premium mares, 15 auction horses. Toronto is also approved for RPSI, KWPN and German Oldenburg Verband.

Owner's Comments: Vallado was champion of his 30-Day Performance Test, earning scores of 9.25 for character and rideability. He competed as a jumper up to 1.40 meters before his type, style, and rideability caught the eye of top hunter professionals. Renamed Praise, he racked up wins in both the High Performance Hunter division as well as in International Hunter Derbies. Vallado's sire is the Voltaire son Now or Never M, who has many approved sons to his credit. Now or Never M has a very high breeding value of 152 points for jumping on the German FN's ranking system. Vallado's damsire is the Thoroughbred Saros, who comes from a strong line of successful steeplechasers, race winners, and sport horses. This particular Thoroughbred line has had a strong influence in sport horse breeding and is also seen through the Trakehner stallion Consul. Vallado is producing elegant, modern offspring with great athletic ability and rideability. He has two approved sons, including Silver Creek's *Validation* who was Champion of his 70-Day Stallion Test. Two Vallado offspring have competed at the World Championships for Young Jumpers in Lanaken. Vallado offspring are winning in both the jumper and hunter rings and the type and character he offers will be advantageous for all sport horse breeders.

Owner's Comments: Viva Voltaire has proven to be an exceptional and versatile sire of hunter, jumper and dressage champions. We often call him "our best kept secret" but the word is out. Viva Voltaire offers his outstanding temperament, movement, versatility and athleticism to your discriminating breeding program. Viva Voltaire has proven himself in the jumper ring, winning the Ontario Jumper Championship for 4- and 5-year-old horses as a 4-year-old (!) and claiming the Reserve Championship title both in Ontario and nationally at the Royal Winter Fair as a 5-year-old. Due to an injury he was retired to stud as a 6-year-old. Two offspring from his first crop of foals competed at the 2011 Pan Am Games in dressage. *Viva's Salieri W* and Tom Dvorak achieved the highest score for the silver medal Canadian team and finished 4th individually. Viva Voltaire has sired several approved stallions, including AHS approved stallion *Vive Victory*, who as per magazine "Der Hannoveraner", demonstrated almost unlimited jumping potential at the stallion inspection. Viva offspring have won numerous A Circuit Hunter Championships in the U.S. and put Viva Voltaire on the USEF Hunter Sire ranking. *Otherwise* was Champion of the Ultimate Hunter Challenge in Canada two years in a row. Many of Viva's offspring have done extremely well in the young horse jumper classes both in Canada and the U.S.; Viva has also produced top A Circuit equitation horses. We have found our Viva offspring to be extremely marketable both as dressage and H/J prospects. Viva typically produces very athletic horses with lots of chrome, good looks, excellent movement, good technique over jumps and the most wonderful temperament. For further information on Viva Voltaire and his offspring, please visit our website. Both excellent quality cooled and frozen semen is available. Semen can be shipped from Canada into the US without any permits and is shipped out of Buffalo, NY, as a domestic shipment.

In 2007, 2008, 2011 and 2013, Widmark daughters won or were reserve for the Dr. Hartwig Award, making him the only stallion to produce four winners. He has sired three Elite Mares and 24 Elite Mare Candidates. In 2013, *With Affection* was third at the Region 2 Training Level Championship Class. *Won Margarita* won her MPT with a 7.86 and also went on to win her inspection for the AHS in 2014 as a 3-year-old. A Widmark daughter, *Willow CBF*, was Champion at the Capital Challenge Horse Show in the Future Hunter Mare division and has won several show Championships in the Amateur/Owner and First Year Green Divisions. Not only has Widmark proven himself, his offspring are winning as well.

Owner's Comments: Wild Dance was the Champion of his Stallion Performance Test in Germany with a dressage index of 147.57. He also received a 9 for jumping. Wild Dance's sire, Wolkenstein II, was also Champion of his performance test and known as one of Weltmeyer's best producing sons with 46 licensed sons of his own. Wild Dance's dam, States Premium mare Milva, by Matcho x, has Gotthard and Abhang III on her maternal side. This nick created many upper-level dressage competitors, top producing mares, licensed stallions, and has proven to be exceptional. Wild Dance qualified for the Bundeschampionat and placed fourth in the finals. He is an accomplished international competitor, winner of six Grand Prix and many placings in Europe. In 2005, he was Reserve Champion at the Neurenberger Burg Pokal Finals with Hubertus Schmidt. They showed in this prestigious German show circuit with the highest qualifying scores of any competitor that year, routinely scoring over 75%. Wolkenstein II produces great rideability, gaits, conformation and type as witnessed by his high breed values in those areas. Wild Dance passes on type, quality gaits, exceptional temperament and willingness to work which result in typey high-performance offspring. In 2011, Wild Dance had less than 50 offspring because of his owner's focus on performance. Yet, with only 24 offspring in competition, 10 had successes and four are placing at the Grand Prix Level. At only seven years old, *Will Be* already placed at Grand Prix, and by 2011 had 43 placings and nine victories. Seven mares sired by Wild Dance became States Premium mares in Germany. In 2007, he produced *Windsor VT*, the highest-scoring Premium colt on the entire Oldenburg N.A. tour, and Reserve Champion at Devon. *Deyonce* (Wild Dance/Contucci) became one of only three Swedish Diploma mares in the U.S. and *Wild Gambol HU* became an EMC and won the Five-year-old Future Dressage Horse class at Devon in 2012. *Wruby Noon HU* was the 2015 nationwide AHS Two-Year-Old Futurity Champion.

Owner's Comments: Dante MG is a striking black stallion that turns eyes in the show ring. Dante MG showed his unlimited jumping potential at his stallion testing and is now getting his show experience competing up to 1.1m thus far. He is a pleasure for his riders and loves to show. The dressage riders love his three elastic powerful gaits and his beautiful conformation. His young foals are being stamped with the same movement and character and winning ways at the inspections and shows. Dante MG himself was the Stallion Champion at the Ten Broeck Farm USDF Breed Show. So, it was no surprise that *Kalypso MG* (Dante MG/Schroeder) was #4 USDF National colt and NEDA Year End Champion with a high score of 82.325%. Dante MG is by the famous Grand Prix jumper Chin-Chin and out of a high scoring mareline known for producing many approved stallions in Holland. Breed to Dante MG for a modern type, top bloodlines, jumping talent, character and beautiful elastic gaits.

Owner's Comments: Fairbanks was Champion of the 2009 Oldenburg Stallion Licensing in Vechta, Germany. He quickly became the crowd favorite with his spectacular performance, extravagant gaits, impressive jumping ability and willing temperament. Fairbanks completed his 30-Day Test very successfully. In a field of 49 stallions, including Bundeschampionat winners, Licensing Champions and top-priced stallions, he placed third with an overall score of 8.74. He repeated this success in 2011 at his 70-Day Test. He was the only stallion to score over 100 in both jumping and dressage, showing his great versatility and willingness under saddle. Sire Flemmingh, a most successful dressage stallion in the Netherlands sired international dressage horses Krack C (Anky van Grunsven) and Ligh (Edward Gal). A Flemmingh daughter was the overall Champion at the National Dutch Mare Show. Fairbanks' dam, SPS Identify, was highly praised at her Mare Performance Test. Damsire Inselfürst was the winner of his Stallion Test and successfully shown in Advanced Level dressage. Full sister to Fairbanks' granddam Alegra produced stallions San Brasil, a Bundeschampionat participant and Celle stallion Los Angeles. In 2011, Fairbanks presented his first outstanding foal crop in Germany which were very representative of himself; large expressive foals with long lines, beautiful heads and necks and outstanding movement. At the 2011 Oldenburg licensing, Fairbanks was awarded the 1c-Premium due to his exceptional Stallion Test results, impressive foals and his overall development as a top breeding stallion. This was especially remarkable as he was not primarily breeding in the main Oldenburg breeding region and therefore had to stand up to strong competition for this award. Currently, his offspring just beginning their under saddle careers are exceeding all expectations. In 2017, we are looking forward to Fairbanks' first foal crop since his importation to the United States!

Owner's Comments: An impressive sport record, excellent character, and impeccable pedigree make Calucci an exciting option for sport horse breeders. Calucci competed in Germany through S-Level and in the U.S. through 1.45m with both professional and amateur riders. He has proven his reliability in the show ring time and again, earning top ribbons at shows such as HITS, Manchester, Devon, and WEF. Calucci is sired by Calido I, who was ranked 1st in jumping at his Stallion Performance Test. Calido's offspring have earned over 2.78 million euros in sport and there are over 225 Calido offspring successful at S-Level (advanced). Calucci's grandsire, Acord II, was the winner of his Stallion Test with 146 points overall, including scores of 9 or higher for jumping ability and rideability. Acord II has sired S-Level show jumpers and dressage horses. Calucci's granddam had a strong competition career herself and her offspring have competed up to 1.6 meters. Great-grandsire Contender is legendary and his influence has been felt across all the major registries and with show jumping, eventing, and dressage breeders. Calucci retired from sport in 2014. Following his approvals with a number of registries, he is now available for North American breeders. From Calucci's 2016 foal crop, we're consistently seeing his sensible attitude, athletic type and movement, strong topline, and good bone. Calucci has been of interest to sport horse breeders in multiple disciplines.
