AUCTIONEER

Jay Elfeldt

SALE LOCATION

Kist Livestock
1715 40th Ave SE • PO Box 1313 • Mandan, ND 58554

SALE HEADQUARTERS

Baymont Inn & Suites
2611 Old Red Trail • Mandan, ND 58554
701-663-7401

A block of rooms with special rate are reserved under the ND Gelbvieh Association.

AIR TRANSPORTATION

Bismarck is served by Delta and United Express and has excellent facilities for light aircrafts.

TERMS AND CONDITIONS

Terms are cash or check and settlement must be made before cattle leave the sale facility. All cattle sell under the standard terms and conditions of the American Gelbvieh Association.

SUPPLEMENTAL INFORMATION

A supplement sheet will be available sale day with updated information, including breeding and calving information. The supplement sheet and announcements from the block take precedence over the catalog.

HEALTH INFORMATION

All cattle sell with a valid health certificate that will allow shipment anywhere in the continental United States.

STORM DATE

Saturday, February 4, 2017

SCHEDULE OF EVENTS

All times are Central Standard Time.

SUNDAY, JANUARY 29, 2017

10:00 AM Viewing of Cattle - Kist Livestock

AL AND PEGGY GUSTIN												

Thank you to Al and Peggy Gustin from Mandan, North Dakota, for donating CMR 94D to the North Dakota Gelbvieh Association for our 2017 fundraiser. The continued support of the North Dakota Gelbvieh Association is appreciated.

Purchase your raffle tickets for \$5 from any member.

Raffle Prizes:

1 50% Balancer Heifer donated by Al and Peggy Gustin or \$1,000 cash

1 Package: Igenity/Geneseek - 5 Horned/Polled tests with coat color (\$300 value)

2 One Night Stay at Baymont Inn & Suites, Mandan, ND (\$130 value)

2 \$25 Gift Certificates to Stockmen's Supply West, Mandan, ND

Drawing will be held at the North Dakota Golden Rule Sale, January 30, 2017 at Kist Livestock Auction, Mandan, ND.

THANK YOU FOR SUPPORTING THE NORTH DAKOTA GELBIEH ASSOCIATION.

SALE OFFERING VIDEOS

Videos of sale offering are posted on MMS website, www.mms.bz, and NDGA website, www.ndgelviehassociation.com. Please contact MMS if you would like a copy of a DVD with videos of sale cattle.

NORTH DAKOTA GELBIEH ASSOCIATION

www.ndgelviehassociation.com

Founded in 1982 with 6 members. Today there are approximately 60 members. The North Dakota Gelbvieh Association (NDGA) sponsors the annual "Golden Rule" sale. This sale is one of the longest running, most successful state association sales in the nation. North Dakota ranks 4th in the nation for active cows and 5th in the nation for registered cows. According to the American Gelbvieh Association (AGA), North Dakota is the most aggressive state in the nation for promoting the Gelbvieh breed.

DIAMOND D GELBVIEW

Exceptional volume and depth of rib on this purebred daughter of the Alumni sire. Her dam is also an attractive female with ample capacity and is a daughter of the Patriots Minuteman sire that was known for his high quality daughters. She is due on March 20 with a purebred bull calf by our new black calving ease sire, CKS Dream C11.

LOST RIVER LIVESTOCK Genomic enhanced EPDs. LRL Nellie D40 is a high percentage female that traces back to one of our up and coming donor females, LRL Nellie Y5, who is as phenotypically correct as she is productive. And this heifer looks to follow closely in her granddam's footsteps. She is very flashy from the side and super thick from behind with a ton of muscle shape. She also boasts a very powerful and balanced set of EPD's with 15 traits ranking in the top 35% of the breed. And to top it off, she is a sweetheart on the halter. So any juniors out there looking for top end show prospect that should go on to be a very productive mama cow, this heifer needs your attention.

SARAH & VERRICK SCHOCK

Dally is the first calf we have raised out of the awesome PHG Z21 cow. She has a moderate birthweight and really grew displaying profitable growth potential. She has loads of body and at the same time she is clean fronted and stylish. This gives her the moderate size and overall appearance that producers are looking for. Sells open.

SGAR Miss Dally 602D • Sells as Lot 55.

VIDEOS OF THE SALE CATTLE

**VIDEOS OF SALE OFFERING ARE POSTED ON MMS WEBSITE, WWW.MMS.BZ, AND
NDGA WEBSITE, WWW.NDGELBIEHASSOCIATION.COM.**

SALE NOTES

EPD DEFINITIONS AND BREED AVERAGES

CALVING EASE DIRECT (CED): Percent of unassisted births of a bull's calves when he is used on heifers. A higher number is favorable, meaning better calving ease. This EPD can be vital to a rancher looking to decrease the amount of calves pulled in his herd.

BIRTH WEIGHT (BW): Predicts the difference, in pounds, for birth weight of the calf.

WEANING WEIGHT (WW): Predicts the difference, in pounds, for weaning weight (adjusted to age of dam and a standard 205 days of age). This is an indicator of growth from birth to weaning.

YEARLING WEIGHT (YW): Predicts the expected difference, in pounds, for yearling weight (adjusted to a standard 365 days of age). This is an indicator of growth from birth to yearling.

MILK (MILK): The genetic ability of a sire's daughters to produce milk expressed in pounds of weaning weight.

CALVING EASE MATERNAL (CEM): Represented as percent of unassisted births in a sire's first-calving daughters. A higher number represents more favorable calving ease. This EPD is important to a rancher's bottom line because it predicts which animals produce daughters with a genetic pre-disposition to calve unassisted as heifers.

TOTAL MATERNAL (TM): An index that combines growth and milk information as a prediction of the weaning weight performance of calves from a sire's daughters. As an index, this value is not reported with an accompanying accuracy. A greater TM value means a mother that returns comparatively higher weaning weights on her calves. $TM\ Index = MK\ EPD + \frac{1}{2}\ WW\ EPD$.

YIELD GRADE (YG): Differences in yield grade score, which is a predictor of percent retail product. Smaller values suggest that progeny will have a better lean to fat ratio.

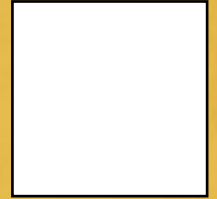

CARCASS WEIGHT (CW): Differences in pounds of hot carcass weight, adjusted to an industry standard age endpoint.

RIBEYE AREA (REA): Differences in ribeye area in inches between the 12th and 13th rib. Greater ribeye areas are preferable.

MARBLING (MB): Predicts the differences in the degree of marbling within the ribeye as expressed in marbling score units. Greater marbling numbers are preferable and are an indicator of higher carcass quality grades. Growth traits

FEEDER PROFIT INDEX (FPI): An economic selection index designed to aid producers in selecting sires whose progeny will perform in the feedlot and are sold on a grade and yield standpoint. Well ranking sires for FPI have higher marbling and carcass weight than their contemporaries. As a terminal index, little emphasis is put on maternal traits such as stayability and calving ease.
