Cooled Semen Breeding Contract

This contract is an agreement between Olde Oaks Farm, Inc., Stallion Owner, and

_____, Mare Owner, for the breeding of the mare

_____, to the Rhineland stallion

SHINE (Alesi), during the 20__ breeding season.

Mare Owner: _____ Phone: _____

Address: _____ City/St./Zip _____

Name of mare: _____ DOB: _____ color: _____

Breed & Reg#: _____ Height: _____

Sire: _____ Dam: _____

Sire of Dam: _____

Vet Clinic Name: _____ Phone: _____

Address: _____ City/St./Zip _____

Has she ever been bred?: _____ When was her last foal?: _____

Has she ever had any complications?: _____ What were the circumstances?: _____

1. This mare is booked by name and the breeding is valid to this mare and mare owner only. This contract is NOT TRANSFERABLE.
2. The breeding season is defined as between February 15 and June 30 each year.

3. The mare owner agrees to use the cooled semen ONLY on the mare named above in this contract, and shall have a licensed veterinarian verify in writing that the shipped semen has been used only to inseminate the mare named above in this contract. Cooled Semen will only be shipped to a veterinarian who has the knowledge and capability to inseminate the mare.
4. The mare's health condition is the responsibility of the Mare Owner. A uterine culture is recommended before breeding the mare. PLEASE note that not every mare is a suitable candidate for breeding with cooled semen. If a licensed veterinarian determines that the mare is unsuitable for breeding, the mare owner may substitute a new mare, **subject to acceptance by Stallion Owner** (OOF). This substitute mare shall be bred under the same terms and conditions as the original mare.
5. A non-refundable booking fee of \$200.00 is due with this contract. The Mare Owner/Agent shall pay the complete breeding fee of \$1800.00 before any straws are shipped. Unused straws may NOT be used for any other mares.
6. EMBRYO TRANSFER. Unless the parties have agreed otherwise, in writing, mare owner shall not transfer from mare any embryos resulting from Stallion's semen and implant them into a different mare. If OOF agrees to an embryo transfer, the stud fee set forth herein shall be increased by 20% and shall be paid within 24 hours of OOF's consent. If OOF and mare owner agree to an embryo transfer, the live foal guarantee shall only apply to the mare to which the embryo was transferred to.
7. **It is understood that this stallion, Shine, is still competing. OOF can NOT guarantee that he will be available for collection when your mare is ready. All efforts will be made to provide semen when it is asked for, but due to show schedule fresh cooled semen may not be available. In that case, if mare owner wants, frozen semen can be provided.**
8. Mare Owner is responsible for all transportation charges to ship straws and return container. These fees will be paid to Currie Equine Clinic, which must have a credit card number before shipment. The clinic will not ship any semen until all fees have been paid to Stallion Owner. Stallion Owner is NOT responsible for shipping delays and/or mistakes or breakage.
9. If additional semen is needed, during the breeding year, there will be a fee of \$350 per collection. Mare Owner must pay all transportation costs.
10. If the mare dies or becomes unfit to breed, this contract is null and void; unless a mare approved by Stallion Owner is available during the breeding year.
11. Live Foal Guarantee: If the mare, after being checked in foal, aborts or does not produce a foal to stand and nurse, the Mare Owner is entitled to a re-breed the following year. It will be the Mare Owners responsibility to pay the booking fee, collection fee and any transportation costs. A vet certificate is required within 15

days of death. A licensed veterinarian must also verify that the mare was kept in adequate facilities and in reasonably good health during the pregnancy.

12. To activate this contract, please return a signed copy with the Booking Fee, and a recent, side view picture of the mare. Please make checks payable to: Olde Oaks Farm, Inc.
