**RULES OF ELIGIBILITY**

- Sire and Dam must be purebred and registered as such in the Welsh Pony and Cob Society of America, Inc. or Section A, B, C or D of the Welsh Pony and Cob Society. Ponies or Cobs imported from other countries will be registered at the discretion of the Board of Directors. Stallions and mares imported to the United States must be registered with the Welsh Pony and Cob Society of America, Inc. before the foals from same may be registered. Write the secretary for provisions for imported ponies.
- Applications for Registration of foals will not be accepted if the dam of the foal is not three years old or older in the calendar year in which the foal is born.
- All applications must bear the signature of owner or authorized agent of record.
- Stallion Service Report and annual \$15.00 filing fee from owner of stallion must be on file at the Society's headquarters no later than December 31<sup>st</sup> of the year of service BEFORE THE RESULTING FOAL CAN BE REGISTERED. Penalty of \$5.00 will be charged for each month the report is delinquent to a maximum of \$50.00.
- Registration fee for colt foals is the same as for other Welsh Ponies and Cobs; however, upon submission of the first service report for a stallion, an additional registration fee of \$75.00 and DNA typing will be required. If a stallion for which the additional fee has been paid is gelded within 30 months after the first reported service, \$50.00 will be refunded upon receipt of completed castration report and certificate of registration by the Society headquarters.
- All foals with a Section B parent must be registered as Section B. The certificates for all ponies over 12:2 hands in height must be returned to the Society headquarters for the addition of a "B" to their numbers; for Cobs, over 13:2 hands in height requires a section change to "D".
- On the vote of a majority of the Directors present at the regularly called Board of Directors' meeting, DNA testing can be required as a condition of registration or continued ownership papers.
- Dam's hair sample or DNA typing must be on file prior to foal being registered.
