To Whom It May Concern:

On 9/22/20 I performed an ultrasound examination of left fore flexor tendons on the horse Top Draw at the request of Tom McKenna. History of external trauma on the night of 9/20/20. The ultrasound findings revealed fluid in tendon sheath consistent with superficial trauma. The ultrasound examination at that point found no disruption of the tendon fibers.

A handwritten signature in black ink, appearing to read 'J. Snyder', is written over the printed name.
