Dear Prospective Buyer:

Thank you for your interest in our Buckeye Bonanza sale horses this year! The purpose of this letter is to inform our prospective buyers of the following information on each horse:

- Any performance or pedigree highlights.
- Any known physical or behavioral problems.
- Our opinion of what uses, disciplines, or sports for which each horse might be well-suited.
- Our opinion of what experience level owner or rider each horse needs at this time.

Please be aware that although every effort has been made to completely disclose any known factors that might be considered negative, there is *no guarantee that an oversight will not occur*. Should an oversight occur, The Ohio State University and its agents cannot be held responsible.

ATI Irishuwerewhisky (Meatball) was foaled at The Ohio State University's ATI Equine Facility in February 2019. He is sired by Shiners Lena Saki, a son of Shiners Lena Doc who is an NRHA money earner and performance point earner in reining and working cow classes. Meatball's pedigree also traces back to the legendary Shining Spark, an NRHA Hall of Fame stallion with offspring earnings in excess of seven million dollars.

Meatball was transferred to the Columbus campus equine facility in August 2021 to be started under saddle Advanced Equine Behavior & Training class and sold in the Buckeye Bonanza Horse Sale. He acclimated quickly to his new surroundings and was started under saddle in September by student trainer Macailyn Maciel and has progressed nicely in his training this semester. Meatball has no behavioral or physical problems of which I am aware. He does have a scar on his right hind leg from a superficial injury that happened when he was a foal. A copy of Meatball's health records and training journals are included in his sale portfolio.

Meatball has been ridden in the arena, around the farm, and hauled to Mohican State Park and Lobdell Reserve for trail riding. He has a willing disposition, easily maneuvers obstacles in the arena, and is quiet and relaxed under saddle. With continued training, he could do well in a variety of ranch horse classes or out on the trail. Due to his limited experience under saddle, he is suitable for an intermediate or experienced rider at this time.

Sincerely,

Kimberly Cole, Ph.D.

Basic Handling & Grooming	4	Walked on stocks for first time, he did it with pressure. Groomed in wash rack to help desensitize to that area he did well. Was great for hoof cleaning.
Tying	5	Worked on safety tying briefly in wash rack. He stood quietly.
Spray Bottle/Clipping 	4	Nervous and moves around when fly spraying but was calming down quicker than previously.
Longeing	4	Started out well going to the left on a lead line but needed consistent pressure behind his shoulder when going right. Responded well with longe line.
Ground Work 	5 	Walked over all tire obstacles really well. Walked over wooden bridge. Walked over dirt mounds multiple times. Spooked at waving flags but relaxed. Trotted in hand.

Basic Handling & Grooming	5	▼	Groomed him in his stall today. He did really well and stood quietly.
Spray Bottle/Clipping	5	▼	Stood well for mane/tail detangler. More relaxed with fly spray as well.
Longeing	4	▼	Was attentive when going to the left - walk and trot. Doesn't quite understand or is not comfortable with going to the right but did walk/trot a couple circles.
Ground Work	4	▼	Worked on bending at the poll to the right and left. Trotted in hand. Went on trail walk - walked through puddles, over rock mounds, over a fallen tree.
Tying	5	▼	Safety tied for a bath and for brushing through mane and tail. Stood very well.
